[GitHub \(tamanchichan\)](#) | [LinkedIn \(tamanchichan\)](#)

“Enthusiastic Software Developer eager to turn ideas into creative solutions and always in pursuit of new challenges.”

PROFESSIONAL PROFILE

- Proficient in both front-end and back-end technologies, with expertise in programming languages in JavaScript and C#
- A critical thinker and effective problem-solver with the ability to anticipate and prevent setbacks; flexible with the aptitude to work well under pressure and fast-paced environments
- Strong interpersonal communication skills in Brazilian Portuguese, English, Cantonese, and Mandarin, analytical and innovative skills, with a solutions-focused approach to handling challenging situations

RELEVANT SKILLS

- **Front-End Skills:** HTML | CSS | JavaScript | React
- **Back-End Skills:** C# | .NET Framework | ASP.NET Core | MVC | MySQL | Relational Database Design
- **Tools:** Azure Data Studio | git | GitHub | MySQL Workbench | Node.js | PeopleSoft Test Framework | Postman | Power Automate | SQL Developer | VSCode | VisualStudio | XAMPP
- **Communication Languages:** Brazilian Portuguese | English | Cantonese | Mandarin

CORE SKILLS

Adaptability | Collaboration | Communication | Initiative | Organized | Problem Solving | Professionalism | Time & Task Management

PROJECTS

- **Connection** (<https://tamanchichan.github.io/connection/>)
 - Covers a mock login flow, the ability for a user to create and display posts with text and images, displays static user details, dynamically fetches and displays details of random users, and utilizes OOP concepts to model user data.
- **GPS** (tamanchichan.github.io/gps/)
 - Retrieves user's geolocation using Mapbox Map. If successful, the map centers on the user's position and places a marker there, followed by hiding an overlay. If geolocation access fails, it pauses an animation and logs an error.
- **Typing Game** (<https://tamanchichan.github.io/typing-game/>)
 - A typing game with a simple interface, where players can challenge themselves to type words correctly within a specified time and keep track of their scores.

EDUCATION

Software Developer	Manitoba Institute of Trades & Technology	Jan 2023 – Dec 2023
Mathematics	Universidade Federal do Rio de Janeiro	2020 – 2022 (Partial)
Chemistry	Instituto Federal do Rio de Janeiro	2019 – 2020 (Partial)

EMPLOYMENT AND VOLUNTEER HISTORY

Attendee	Tech Thursday	Present
<ul style="list-style-type: none">Participate in community events for networking, socializing, and understanding the needs of our community.		
Internship	City Of Winnipeg: Innovation & Technology	Oct 2023 – Dec 2023
<ul style="list-style-type: none">Oversaw and collaborated with three distinct teams during the internship, consistently demonstrating a rapid and efficient execution of tasks.Developed and executed a diverse set of over 100 test cases utilizing the PeopleSoft Test Framework.Led the migration of Team Foundation Server (TFS) projects to Azure DevOps and authored a comprehensive guide detailing the step-by-step process for future reference and knowledge transfer.Developed various workflows, including an update flow triggered by specific criteria, a file cloning flow directing files to designated paths based on criteria, and authored a guide detailing the steps to set columns as "read-only" in a SharePoint list.		
Assistant	Sing Yun Restaurant	Jan 2023 - Present
<ul style="list-style-type: none">Proficient time management and organizational skills enabled it to excel in multitasking efficiently and effectively. Multitask services such as server, receptionist, delivery. Responsible for opening and closing the store.
